COPPER BARWARE CARING & CLEANING

After each use, remove any food residue before washing.

HANDWASHING

- Handwashing remains preferable and is advised to maintain the copper shine.
- When washing the barware by hand, use hot water, neutral detergent and gently wash with a soft sponge or cloth.
- Do not wash your barware with any steel or hard brushes as this may scratch the barware.
- Avoid bleach detergents and the use of sodium when washing the barware.
- Don't leave your barware soaking. After washing, dry immediately with a soft dry cloth.

DISHWASHING

- When washing the barware in the dishwasher, avoid using abrasive detergents.
- We recommend using dishwashing programs with a low temperature of 40°C or less.
- Do not wash your barware with other lower steel quality like cutlery, knives, or utensils. This may cause a chemical reaction that will leave marks on the barware.
- After the dishwashing cycle, remove the barware immediately and wipe off any water spots with a soft dry cloth.

Ariane
— fine porcelain —

DESIGNED TO INSPIRE

Ariane Fine Porcelain brings together artistic design, contemporary styling and professional-grade durability. Created for modern hospitality spaces that value individuality and presentation, each collection offers unique character, refined craftsmanship and the flexibility to create memorable table settings.

Ariane Fine Porcelain offers versatile collections that blend expressive aesthetics with reliable everyday performance. With a focus on texture, form and mix-and-match creativity, the range allows hospitality spaces to create memorable and visually engaging table presentations.

Hospitality is a demanding industry that has specific, ever-evolving needs. The unique blend and amalgamation of raw materials, breakthrough technology and a quality assurance team, guarantees that all Ariane Fine Porcelain items are kept in line with these requirements.

KEY FEATURES

- Premium vitrified fine porcelain
- Elegant contemporary and timeless designs
- Highly resistant to chipping and scratching
- Durable glaze for long-lasting brilliance
- Extensive mix-and-match collections
- Contemporary and expressive collections

DISHWASHER SAFE

Our porcelain is fired at high temperatures which makes it highly resistant to repeated dishwashing cycles at high temperature.

MICROWAVE & SALAMANDER SAFE

Ariane Porcelain products are both microwave and salamander safe due to their heat-resistant layer of glaze.

SMOOTH APPEARANCE

The special glaze fired at high temperatures not only gives all our porcelain a smooth, clean finish, but also ensures that it becomes completely non-porous, guaranteeing higher levels of hygiene.

ABRASION PROOF

The special glazing fired under high temperature ensures strong resistance to scratches or abrasions.

LIMITED DANGER IN CASE OF BREAKAGE

The products are designed to avoid breakage hazards, as they break cleanly into safely manageable pieces.

THERMAL SHOCK PROOF

Ariane Fine Porcelain not only retains heat to keep the food warm, but also is resistant to variations in temperature.

PERFECT FUNCTIONALITY

All our designs focus on absolute functionality. Most items are stackable including cups, bowls and platters, which enables the most efficient use of space.

HIGH CHIP RESISTANCE

The special high alumina material used by Ariane Fine Porcelain offers strength, durability and resistance against chipping to critical points like edges of cups, plates and handles.

ARIANE ANTI-MICROBIAL TECHNOLOGY

Ariane Fine Porcelain brings to you the first commercial porcelain tableware that incorporates "Anti-Microbial Technology" and also manages to meet the demands of high-volume food-service operations from fast-casual eateries with counter service to fine-dining restaurants.

QUALITY WITHOUT COMPROMISE

ABOUT ARIANE

The successful combination of professional experience, creativity, unparalleled technical know-how and attention to finesse, places Ariane Fine Porcelain in a leadership position in the porcelain table-ware industry.

Through our state of the art production technique, advanced technical know-how, and creative team of experts is born a durable, high quality product, suitable for all fine hospitality, catering and food & beverage establishments.

NOVA NEW BONE crockery is an elegant range of classic dining ware. Crafted with meticulous attention to detail. The range delivers a delicate translucency and durability combined with a smooth and luxurious feel. It has a high tolerance to temperatures and material features that increases strength allowing for greater resistance without compromising on thin and delicate rims.

Nova Illumina - Where Craft Meets Culinary Brilliance.

Crafted for the finest hospitality spaces, Nova Illumina redefines plating with its ultra-flat, rimless porcelain design. Each board offers chefs a clean, minimalist canvas to showcase culinary artistry at its highest level.

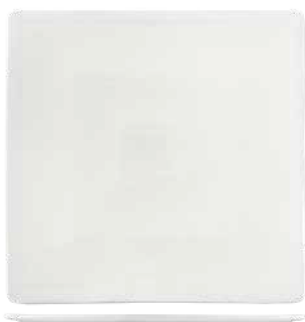

Durable, stain-resistant, and thermally stable, these premium boards are ideal for fine dining, from gourmet desserts to curated tasting menus. Nova Illumina is not just a plate – it's a platform for storytelling.

WHY LAVA, WHY CAST IRON?

Enamelled cast iron cookware is more durable, safer and easier to clean. It won't rust and is non-stick. LAVA's highest quality liquid enamelled coated cast iron cookware range doesn't need seasoning whereas traditional cast irons need to be seasoned before cooking.

QUALITY

LAVA Enameled Cast Iron Cookware are produced with non-cancerogenic 100% recyclable materials and comply with international standards, including:

- RoHS, REACH Certification: non hazardous materials like lead or cadmium
- In Compliance with LFGB - German Standards; with FDA - American Standards; with 84/500/EEC - European Standards
- Internally tested for Cold Citric Acid, Boiling Citric Acid, Water Vapor, Boiling Water, Thermal Shock, and Detergent Solutions
- CE: Declaration of Conformity
- ISO 9001

EXCELLENT HEAT - RETENTION

LAVA Enameled Cast Iron Cookware "keep warm, warm; cold, cold." As LAVA Enameled Cast Iron Cookware conserve heat for an extended period, you can enjoy long hours over skillets perfect for sharing or treat yourself to refreshing ice cream in mini casseroles. In addition, thanks to LAVA Enameled Cast Iron Cookware's high heat-retaining qualities and high overheating point, you can even up your presentations by continuing cooking at the table with serving dishes.

WEIGHT

The heaviness of LAVA Enameled Cast Iron Cookware is the secret ingredient to delicious recipes! Designed with thick bases, LAVA Enameled Cast Iron Cookware have high heat-retaining qualities and distribute heat evenly across their surface. As a result, LAVA Enameled Cast Iron Cookware offer a perfect formula for hearty slow - cooked meals, deliciously sealed barbecues, and Cook&Serve solutions to keep delicacies warm throughout hours of conversations.

ELEGANT DESIGNS, DAZZLING COLORS

Create your own theme by mixing and matching different colours within the products range, there is a LAVA set for everyone!

ADDS TASTE TO COOKING

No other cookware materials can make food taste better than cast iron cooking. LAVA enamelled cast iron pots and pans have 5mm thick base are made to meet equal cooking heating degree within the whole surface which also keep all the goodness of the nutrition's of the food to create culinary dishes for you to serve.

LAVA Enameled Cast Iron Cookware are suitable for any heat source, except for the microwave. Dishwasher-safe.

Environmentally friendly

Wide range of color & design options

Excellent heat-retention

Conserves nutritional value

Easy to clean

Suitable for most cooker & oven types

Do not use in the microwave

Cooks deliciously

KNIVES

WHAT MAKES A GOOD KNIFE?

SHARPNESS:
Most important is how well it's blade will take & hold an edge.

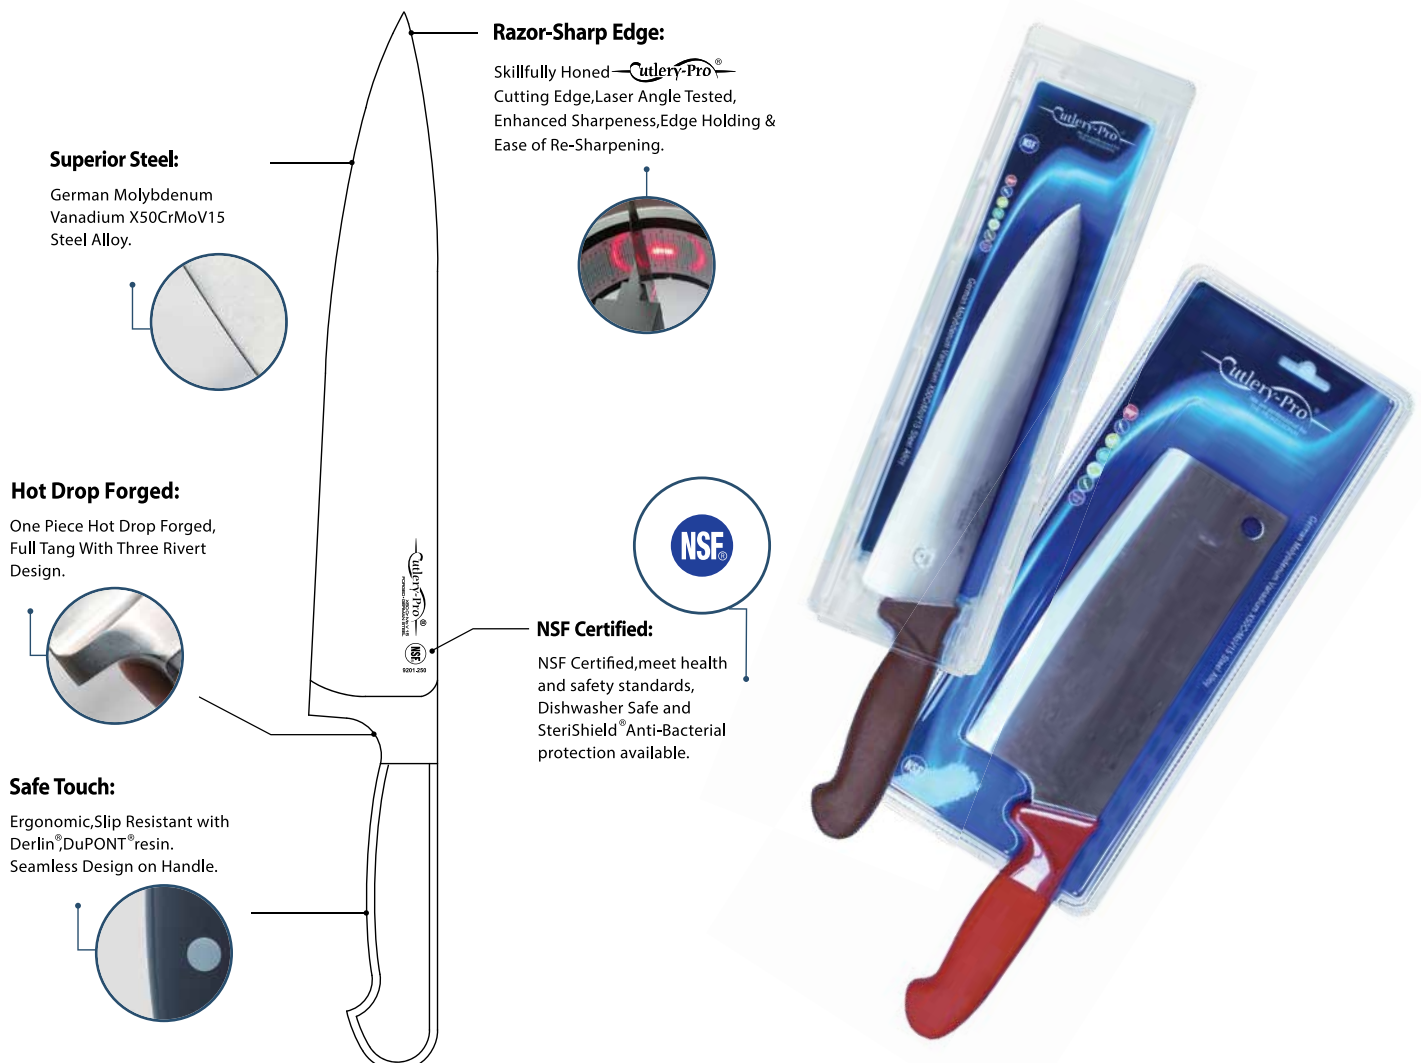

DURABILITY:
A good knife will stand up to generations of daily use without undue wear or deterioration.

HYGIENE:
Materials & construction details of the handle should minimise crevices that offer hospitality to bacteria.

WHY COLOUR CODE YOUR KITCHEN?

The aim of a Colour Coding system is to prevent cross contamination between different areas in the kitchen as well as different food types. It is vital that a system forms part of an employee training programme. The Colour Coding of knives & chopping boards is a simple but important step that will make a large contribution to hygiene standards & the elimination of cross infection.

CRÉATEUR D'EXPÉRIENCES

For over 200 years, Chef & Sommelier has represented the art of refined glassmaking, combining French heritage, innovation and sensory expertise to create exceptional hospitality glassware. Designed specifically for restaurants, hotels, bars and wine professionals, every collection is crafted to enhance the tasting experience through elegance, balance and technical precision.

Inspired by gastronomy and oenology, Chef & Sommelier develops contemporary glassware collections that elevate both presentation and performance – from fine wines and champagne to spirits and cocktails.

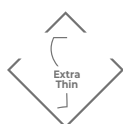

Krysta™ Crystal Glass Technology

Developed for professional hospitality, Krysta™ crystal glass combines exceptional brilliance, remarkable transparency and long-lasting durability for an elevated tasting experience.

KEY FEATURES

- Exceptional clarity and brilliance
- Fine rims for enhanced tasting comfort
- Professional durability
- Lightweight, elegant balance
- Designed to enhance aromas and flavour expression

EXTRA THIN

An average of 40% finer rim, bowl and stem compared to classic collections

COMPLETE TRANSPARENCY

Ultra-clear Krysta™ crystal glass delivers remarkable brilliance and absolute colour clarity.

PERFECT ACOUSTICS

A refined resonance and delicate clarity elevate the sensory tasting experience.

LONG-LASTING BRILLIANCE

Exceptional sparkle and transparency designed to endure intensive professional use.

Chef & Sommelier's exclusive technologies combine innovation, craftsmanship and performance to deliver exceptional brilliance, comfort and durability in every glass.

Ultra-fine rims create a seamless tasting experience while maintaining exceptional strength and durability.

Patented effervescence technology designed to enhance bubble release and aromatic expression in sparkling wines.

Designed to retain its exceptional clarity and brilliance even after 2000 professional dishwasher cycles.

Hand-blown decanters combining artisanal craftsmanship with elegant contemporary design.

Hand-blown decanters combining artisanal craftsmanship with elegant contemporary design.

All glassware is 100% recyclable, supporting a more sustainable hospitality environment.

”

Chef & Sommelier transforms every pour into an experience - where design, innovation and glassmaking expertise come together in perfect harmony.

ARCOROC
EVERYDAY PROOF

Arcoroc® has been creating professional glassware solutions for the hospitality industry since 1958. Trusted by restaurants, bars, hotels and catering environments worldwide, the brand is known for durable, functional and stylish glassware designed to withstand the demands of everyday service.

Part of the Arc Group – celebrating 200 years of glassmaking expertise in 2025 – Arcoroc® combines innovation, strength and timeless design to deliver reliable glassware for every professional setting.

PROFESSIONAL GLASSWARE SOLUTIONS

Built for the realities of professional hospitality, Arcoroc® collections combine innovative materials, advanced manufacturing technology and practical functionality to deliver long-lasting performance across every service environment.

Designed for intensive professional use with enhanced resistance to everyday knocks, impacts and demanding service conditions.

SHOCK RESISTANT

Tempered glass offers up to 5 times greater resistance to impacts and breakage compared to untreated glass, helping reduce replacement costs in high-traffic environments.

THERMAL SHOCK RESISTANT

Designed to withstand sudden temperature variations of up to 135°C, allowing safe transition from hot to cold service conditions without risk of breakage.

GLASS SAFETY

If breakage occurs, tempered glass is designed to fragment into smaller, less sharp pieces for added safety during professional service use.

PURITY CERTIFIED GLASS

Exceptional clarity and brilliance enhance the visual presentation of every beverage, allowing colours, textures and reflections to stand out with remarkable purity. Arcoroc® glassware maintains its transparency and shine even after intensive professional use, delivering a consistently premium presentation in hospitality environments.

Ultra-fine rims enhance tasting comfort while elevating the presentation of wines, cocktails and beverages.

Specially developed technology designed to support a refined and long-lasting sparkle experience in sparkling wines and champagnes.

Designed for efficient stacking to optimise storage space and improve operational convenience.

Enhances head formation and foam retention to elevate aroma, flavour and the overall beer tasting experience.

Suitable for intensive professional dishwashing while maintaining clarity, finish and long-term performance.

Glass products that can be fully recycled, supporting more sustainable hospitality and food service operations.

simple is beautiful

MINIMALIST GLASSWARE DESIGN

For over two decades, NUDE has redefined contemporary glassware through clean lines, modern aesthetics and refined craftsmanship. Created in collaboration with internationally renowned designers, NUDE collections bring together artistic expression and functional elegance for luxury hospitality and lifestyle environments.

With a focus on simplicity and timeless form, NUDE glassware is crafted to complement contemporary dining, cocktail and wine experiences while delivering a sophisticated visual presence at the table.

LEAD-FREE CRYSTAL GLASS TECHNOLOGY

NUDE lead-free crystal glass delivers exceptional brilliance, transparency and strength while maintaining a refined lightweight feel. Developed for contemporary hospitality and lifestyle environments, the collections combine modern aesthetics with long-lasting performance.

BEAUTIFULLY STRONG

ION Shielding Technology strengthens the surface of the glass through an advanced ion-exchange process, enhancing durability and resistance to everyday impacts and scratches. The result is exceptionally refined crystal glassware that maintains its brilliance, clarity and elegant appearance even in demanding hospitality environments.

KEY FEATURES

- Exceptional clarity and brilliance
- Contemporary minimalist aesthetics
- Lightweight, refined balance
- Fine rims for enhanced tasting comfort
- Lead-free crystal composition
- Professional durability for hospitality use

Expertly handcrafted glassware showcasing refined craftsmanship, individuality and contemporary elegance in every piece.

Suitable for professional dishwashing while maintaining long-lasting clarity, brilliance and performance.

NUDE transforms contemporary glassware into an artistic expression - where simplicity, craftsmanship and modern design come together in perfect balance.

MAKING LIFE BEAUTIFUL

For 90 years, Paşabahçe has been crafting glassware that combines timeless design, expert craftsmanship and everyday functionality. Established in 1935, the brand has grown into one of the world's leading glassware manufacturers, supplying more than 150 countries worldwide.

Created for modern hospitality environments, Paşabahçe collections balance elegant presentation with professional durability. From sophisticated stemware and cocktail collections to versatile beverage and serving solutions, each piece is developed to enhance the guest experience while meeting the demands of hotels, restaurants, bars and cafés.

INNOVATION . QUALITY . SUSTAINABILITY

Designed for the fast-paced hospitality industry, Paşabahçe products combine durability, functionality and refined presentation – delivering reliable performance for professional foodservice environments around the world.

FINE RIM
Laser technology applied to rim areas of glasses enables us to enhance drinking experience as well as to extend the life cycle of glasses exposed to intensive use.

STACKABLE
İSTİFLENEBİLİR
In a crowded and highly-active kitchen, what you need is to store more kitchenware in less space. Our stackable products designed just for this need are the perfect solution for you.

FULLY TEMPERED
Full tempering process increases the durability of products which are subject to frequent heat changes during cleaning and use throughout the day. In this process the glass products are heated up to the melting point and then cooled in a controlled manner, which and harmless pieces in possible breakages, minimizing the risk of injury. results in the shattering of glass into small

OVENWARE
SAFE
Suitable for oven use and developed to withstand high temperatures for reliable professional food preparation and service.

”

*Paşabahçe transforms everyday moments into memorable experiences – combining craftsmanship, innovation and timeless glassware design to **make life beautiful.***

BUILT FOR HOSPITALITY. TRUSTED FOR PERFORMANCE.

With more than 130 years of Spanish glassmaking expertise, Vicrila is internationally recognised for producing durable, high-quality glassware for the hospitality industry. Combining timeless aesthetics with advanced tempering technology, Vicrila offers professional glassware solutions trusted by restaurants, hotels, bars and catering environments worldwide.

Manufactured using fully tempered "Rim to Foot" technology, Vicrila glassware delivers exceptional resistance to mechanical shock and thermal stress, extending product lifespan while maintaining brilliance and clarity through intensive daily use.

DURABLE . RELIABLE . PROFESSIONAL

Engineered for the demands of modern hospitality, Vicrila technologies combine strength, safety and practicality to support reliable everyday performance across busy foodservice environments.

RIM TO FOOT TEMPERED "T"

Fully tempered glassware offers enhanced durability and resistance to breakage, making it ideal for demanding hospitality environments. Vicrila's tempering process strengthens the glass from rim to foot for long-lasting performance.

THERMAL RESISTANCE

Tested to withstand sudden temperature changes up to 135°C, Vicrila glassware performs reliably across both hot and cold beverage applications.

DISHWASHER SAFE

Suitable for industrial dishwasher cycles, Vicrila glasses retain their clarity and finish even after repeated commercial washing.

SAFETY FIRST

In the event of excessive impact, tempered glass breaks into smaller, safer fragments compared to standard annealed glass, helping reduce injury risk in busy service environments.

CONSISTENT QUALITY & PRECISION

Vicrila products are manufactured to strict European quality standards, ensuring consistency in sizing, capacity and finish across every collection.

MADE FOR PROFESSIONAL USE

From cafés and hotels to fine dining venues and bars, Vicrila combines elegant presentation with reliable durability for everyday hospitality service.

A LEGACY OF GLASSMAKING EXCELLENCE

For over a century, Vicrila has continued to advance within the glass industry through innovation, quality manufacturing and dependable performance – delivering glassware solutions suited to modern hospitality environments.

Royalex®

EUROPEAN GLASSWARE FOR PROFESSIONAL HOSPITALITY

Royalex combines European glassmaking heritage with durable, elegant glassware developed for modern hospitality environments. Manufactured in Europe, Royalex collections balance contemporary presentation with reliable everyday performance for restaurants, hotels, bars and catering service.

Focused on functionality, clarity and durability, Royalex glassware offers versatile solutions across wine, cocktail, beer and beverage service. From refined stemware collections to practical tumblers and beer glasses, each range is developed to complement both casual and premium hospitality settings.

KEY FEATURES

- Crystal-clear brilliance and transparency
- Lightweight elegant balance
- Seamless stem and bowl transitions
- Enhanced durability and chip resistance
- Suitable for professional dishwashing
- Modern European styling

Royalex technologies combine European craftsmanship with practical hospitality performance – supporting durability, clarity and elegant beverage presentation across everyday professional service.

Royalex tempered glassware offers enhanced resistance to impacts, chips and everyday mechanical shock, helping reduce breakages and support long-lasting hospitality performance.

Royalex combines European glassmaking tradition with contemporary hospitality performance - delivering elegant, durable glassware for every service occasion.

Abrasion-resistant surfaces help maintain brilliance through daily use, while dishwasher-safe construction supports intensive commercial washing. The collections are lead free, shatter resistant and supported by a 5-year availability guarantee on selected ranges.

LAV

CONTEMPORARY GLASSWARE FOR EVERYDAY HOSPITALITY

LAV is recognised globally for modern, versatile glassware that combines contemporary styling with practical hospitality performance. With a strong focus on functionality, simplicity and accessibility, LAV Horeca collections offer reliable solutions for cafés, restaurants, hotels, bars and catering environments.

From elegant fine-rim tumblers and stackable beverage glasses to cocktail and fully tempered collections, LAV glassware delivers clean aesthetics, durability and everyday usability across a wide range of beverage service applications.

MODERN . PRACTICAL . VERSATILE

LAV Horeca technologies focus on practicality, durability and contemporary beverage presentation – supporting efficient service and reliable everyday hospitality performance.

FINE RIM

Slim refined rims enhance drinking comfort while creating a cleaner and more elegant beverage presentation.

STACKABLE

Space-saving stackable forms support efficient storage, faster service and practical everyday hospitality use.

FULLY TEMPERED

Fully tempered glass offers enhanced resistance to impacts and thermal shock, supporting long-lasting durability in demanding hospitality environments.

SCRATCH RESISTANCE

Enhanced surface durability helps minimise visible scratching and preserve the glass's clean contemporary appearance.

LEAD FREE

Produced using lead-free glass materials for a safer, more environmentally conscious hospitality solution.

DISHWASHER SAFE

Developed for repeated professional dishwashing while maintaining clarity, shine and everyday performance.

THE UNBREAKABLE HORECA SOLUTION

JB Products offers durable **polycarbonate hospitality solutions** developed for high-volume commercial environments where safety, practicality and long-term performance are essential. The collections combine lightweight functionality with the appearance of glass while delivering enhanced resistance to breakage and everyday handling.

Created for hotels, restaurants, bars, catering operations, poolside service and outdoor dining environments. The wide product offering includes beverage glasses, beer mugs, jugs, dispensers, buffet accessories, cloches and more - suited to demanding hospitality operations.

With an emphasis on innovation, hygiene and commercial durability, JB Products continues to supply practical tabletop and buffetware solutions trusted across hospitality environments worldwide. NSF-certified collections and food-safe materials support reliable professional use while helping reduce breakages, improve safety and simplify service operations.

JB Products collections focus on durability, safety and efficient hospitality service. Developed for demanding commercial use, the range combines lightweight practicality, food-safe materials and break-resistant performance suitable for indoor, outdoor and high-volume catering environments.

POLYCARBONATE

JB Products polycarbonate collections offer the clarity and appearance of glass with the added benefit of enhanced durability and break resistance. Lightweight and practical, polycarbonate solutions are ideal for busy hospitality, outdoor, poolside and catering environments where safety and long-term performance are essential.

NSF APPROVED

Selected JB Products collections are NSF approved, supporting recognised standards for food safety, hygiene and commercial use. These products are developed to meet the demands of professional hospitality and food service environments where reliability and cleanliness are a priority.

LIGHTWEIGHT & DURABLE

Developed for high-frequency commercial use, JB Products combine lightweight handling with dependable durability to support efficient service and everyday practicality across hospitality operations.

BREAK-RESISTANT PERFORMANCE

Polycarbonate construction offers enhanced resistance to chips, cracks and breakages, helping reduce replacement costs while improving safety in busy service environments.

IDEAL FOR OUTDOOR & POOLSIDE USE

Perfect for outdoor dining, pool areas, events and catering environments where traditional glass may not be suitable, offering safer service without compromising presentation.

FOOD SAFE MATERIALS

JB Products uses food-safe materials suitable for professional hospitality and catering applications, supporting hygienic food preparation, storage and beverage service.

COMMERCIAL BUFFET & STORAGE SOLUTIONS

The buffetware and storage collections provide practical, durable solutions for food presentation, transport, storage and back-of-house organisation in professional hospitality environments.

POLYCARBONATE PRODUCT CARE

Dishwasher safe. Place items carefully in the dishwasher, avoiding direct contact with other dishes and cups.

Alternatively, use warm soapy water or neutral dishwashing liquid for cleaning.

Do not wash with harsh abrasives-chemicals, brushes or scrubber pads - as this way may cause scratches.

Do not use strong acid or alkali cleaning.

Not recommended for use in the microwave and high temperature sterilizer. Avoid near the fire.

Dry naturally or with a soft cloth after hand wash. Recommended microfiber cloth, this will make the product remain shining.

Avoid stacking them - as this way may cause scratches

GenWare

TREND-LED FOOD & BEVERAGE PRESENTATION
